

Bella Hadid is officially the most beautiful woman in the world

And of course we support it.

Many argue that beauty is subjective, but that is probably not the case with Bella Hadid, who was named the most beautiful woman in the world, according to research based on the results of the Golden Ratio of Beauty Phi, a physics measure. dating from ancient Greece and comparing the characteristics of the most beautiful celebrities on the planet with those of the ancient Greeks.

In the study, led by plastic surgeon Dr Julian De Silva who uses the Gold Rule measurements and in his work, the 23-year-old model scored a 94.35% score based on the shape and appearance of the eyes, eyebrows, nose, the lips, the chin, the jaw and the face in general.

In second place is Beyonce with 92.44%, Amber Heard with 91.85%, Ariana Grande with 91.81% and Taylor Swift with 91.64%. Surprisingly, Bella's sister, Gigi, failed to land a position in the Top-10. Unfortunately, fortunately, there are no representatives of our country in the 100 thousand. But let's talk about the image of - name and thing - Bella.
