

Science Says Robert Pattinson Is 'The Most Handsome Man In The World'

Here's more proof that Robert is pure --perfection--.

Batman star [Robert Pattinson](#) has been declared as "the most handsome man in the world." This is according to the science of the "Golden Ratio of Beauty Phi."

According to a report from [The Daily Mail](#), Dr. Julian De Silva, who runs the Center For Advanced Facial Cosmetic And Plastic Surgery in London, used computerized mapping techniques in his work.

Dr. De Silva said, "Robert was the clear winner when all elements of the face were measured for physical perfection." He added, "These brand-new computer mapping techniques allow us to solve some of the mysteries of what it is that makes someone physically beautiful and the technology is useful when planning patients' surgery."
